How I’ll Show What I Know

To demonstrate what I have learned about __________________________ I want to:

- write a report
- compile a scrapbook
- put on a demonstration
- setup an experiment
- produce a videotape
- develop an interactive computer presentation
- create a series of sketches, diagrams, or graphic organizers
- other ________________________________

This would be a good way to demonstrate understanding of this concept because:

___________________________________________________________________________

___________________________________________________________________________

To do this project, I will need help with:

___________________________________________________________________________

___________________________________________________________________________

Action Plan: _______________________________________________________________

___________________________________________________________________________

___________________________________________________________________________

The criteria/rubric that will be used to assess the finished product is:

___________________________________________________________________________

___________________________________________________________________________

___________________________________________________________________________

My projected completion date is _____________________________________________

Student Signature _____________________________________ Date ____/____/____

Teacher Signature _____________________________________ Date ____/____/____
