Directions for student: Use this form at the beginning of each unit to maximize your own learning experiences. These are questions you need to ask yourself whenever you are trying to learn or make meaning of something.

1. What should I know and be able to do at the end of this lesson/unit or experience?
2. What do I already know that will be useful in learning this new material or working in this way?
3. How are these skills and this knowledge important in the world outside of school?
4. When are the important checkpoints and deadlines?
5. How will I be able to tell when I have done a really outstanding job?
